

Product Roundtable

07/18/13 Paula VanDeventer (pvandev@pcc.com) **Amanda Smith & many others**

Today's Agenda:

- Review key deliverables since the 2012 UC
- A quick overview of PCC's Roadmap process
- Priorities for the remainder of 2013
- Feedback from YOU the Product Roundtable

PHYSICIANS COMPUTER COMPANY Pediatric Software Just Got Smarter. Your Practice Just Got Healthier.

Since UC 2012...

• We completed the Patient-at-a-Glance Theme (aka Configurable Medical Summary)

PCC's Roadmap process

- It's been a busy 12 months for all of us!
- Each of those deliverables is a "User Story", identifying Who needs What, and Why
- Related user stories are often grouped into Themes, but they may also be "Free Range"
- User Stories are sized, and we track how many "story points" we deliver with each release this helps us to estimate our "Delivery Velocity"
- Using the measurement of past performance, we can better estimate how much we can deliver in the next release
- · We budget a certain number of story points per theme
- · This process is tweaked and tuned continuously

Pediatric Software Just Got Smarter. Your Practice Just Got Healthier

PCC's Roadmap (cont.)

- But ... who decides what gets put **on** the Roadmap?
- · Many Stakeholders including:
 - You (through phone calls, email and forums like this one)
 - The Federal Government (ARRA, ICD-10, PCMH, CLIA, HIPAA)
 - State Governments (HIEs, RECs, Meaningful Use)
 - Insurance Companies
 - Third party Vendors
 - PCC staff who work with you every day, advocating for your needs

OMPUTER COMPANY Pediatric Software Just Got Smarter. Your Practice Just Got Healthier.

Development Priorities:

- Our Top Priorities for the remainder of 2013 and into 2014 include:
 - Achieving ARRA 2014 Edition Certification
 - ICD-10 Preparation
 - Immunizations & Pediatric Delighters
 - Reporting
- In addition to our continued focus on improving:
 - Performance
 - Reliability
 - Supportability

ediatric Software Just Got Smarter, Vour Practice Just Got Healthier.
