Setting Default Prescribing Location

- Set default prescribing location for easy prescribing

Pediatric EHR Solutions

Control Your Future™

Setting Default Location: Click Practice link and choose location

The screenshot displays the PCC EHR web application interface. At the top, there is a menu bar with 'File', 'Edit', 'Reports', 'Tools', and 'Help'. Below the menu bar, a navigation bar contains several task counts: 'Schedule (12)', 'Visit Tasks (99+)', 'Rx Tasks (9)', 'Messaging (11)', and 'Signing (65)'. On the left side, there is a search box with the text 'PCC EHR' and a 'FIND' button. The main content area features a dark blue header with the 'PCC eRx' logo and the text 'Powered by Rcpia DrFirst'. To the right of the logo are several navigation links: 'Prescribe', 'Manage Allergies', 'Pending Rx', 'Options', 'Manage Meds', 'Renewal Requests (0)', 'Med Hx', and 'Help'. Below the header, there is a 'Practice Information' section with a yellow circle highlighting the 'Practice:' label. The value next to it is 'PCC Train Pediatrics'. To the right of this is the 'User:' label with the value 'Admin Admin'. Below this is a 'Select a Practice and Provider' section with the heading 'Outpatient Practices:'. Underneath, there is a single bullet point: '• [PCC Train Pediatrics \(PCC Train Pediatrics\)](#)'. At the bottom of the interface, there are two buttons: 'Pending Rx (9)' and 'Renewal Requests (0)'. In the bottom right corner, it says 'Logged in: pcc'.

Setting Default Location: Once practice location is set, click Options on RX Tasks

The screenshot shows the PCC EHR interface. At the top, there are navigation tabs: Schedule (12), Visit Tasks (99+), Rx Tasks (9), Messaging (11), and Signing (65). Below these is a search bar with 'PCC EHR' and a 'FIND' button. The main content area has a header with 'PCC eRx' and 'Powered by Recepta DrFirst'. A navigation bar contains 'Prescribe', 'Manage Allergies', 'Pending Rx', 'Manage Meds', 'Renewal Requests (0)', and 'Med Hx'. The 'Options' button is highlighted with a yellow circle. Below this is a 'Practice Information' section showing 'Practice: PCC Train Pediatrics' and 'User: Admin Admin'. The 'Prescription Report' section includes filters for 'Provider' (All Providers), 'Patient' (All Patients), 'Status' (All, Pending, Completed, Undeliverable), and 'Drug Type' (Scheduled Only, Non-Scheduled Only, Both). A 'Maximum' dropdown is set to 100. Below the filters is a table of 'Pending prescriptions:' with columns for Serial#, Dr/Staff, Name, Date, Status, Drug, Sig, Qty, Rfl(s), and Action. The table lists several prescriptions, including Adderall and Augmentin. At the bottom, there are tabs for 'Pending Rx (9)' and 'Renewal Requests (0)'. The bottom right corner shows 'Logged In: pcc'.

Setting Default Location: Click Preferences-User

The screenshot displays the PCC EHR web application interface. At the top, there is a menu bar with 'File', 'Edit', 'Reports', 'Tools', and 'Help'. Below this is a navigation bar with buttons for 'Schedule (12)', 'Visit Tasks (99+)', 'Rx Tasks (0)', 'Messaging (11)', and 'Signing (65)'. A search box with 'PCC EHR' and a 'FIND' button is on the left. The main content area features a 'PCC eRx' logo and a navigation menu with 'Prescribe', 'Manage Allergies', 'Pending Rx', 'Options', 'Manage Meds', 'Renewal Requests (0)', 'Med Hx', and 'Help'. Below the navigation menu, there is a 'Practice Information' section showing 'Practice: PCC Train Pediatrics' and 'User: Admin Admin'. The 'Additional Options' section contains a list of links with descriptions: 'Change Password', 'Configure Formularies', 'Favorite Prescription', 'Manage My Agents', 'Pharmacy Data', 'Preferences -- user' (highlighted with a yellow circle), 'Activity Report', 'Drug Report', 'Decision Report', 'MU Stage 1 Report', 'MU Stage 2 Report', 'Periodic Report', and 'Pharmacy Report'. At the bottom, there are buttons for 'Pending Rx (0)' and 'Renewal Requests (0)', and a 'Logged In: pcc' status indicator.

Setting Default Location: Change first question from No to Yes

The screenshot shows the PCC eRx web interface. At the top, there is a navigation bar with menu items: File, Edit, Reports, Tools, Help. Below this is a task bar with buttons for Schedule (12), Visit Tasks (99+), Rx Tasks (0), Messaging (11), and Signing (65). The main content area is titled 'PCC eRx' and 'Powered by Reopla DrFirst'. It includes a 'Practice Information' section with 'Practice: PCC Train Pediatrics' and 'User: Admin Admin'. The 'PCC eRx Preferences' section contains various settings, with the first dropdown menu 'Use this practice as your starting practice in PCC eRx:' highlighted in yellow. The dropdown menu is open, showing 'No', 'No', and 'Yes' options. Other settings include 'When searching for pharmacies, start with: All Lists', 'When reporting, warn if a patient has had no office visit in the last: No Warning', 'When reporting, use as default: All Providers', 'When reporting, show by default: Pending prescriptions', 'When reporting, retrieve by default prescriptions for: today', 'When reporting, retrieve up to: 100 reports', 'When reporting, view prescriptions assigned to me in other offices: No', 'When displaying medication history, show medications for last: No Limit', 'Show cancelled prescriptions in reports: Yes', 'Use Practice (selected) or Provider address on prescriptions and medication reports.', 'Show the prescriber's Medical License Number on retail prescriptions: No', 'Print at most 1 prescriptions on a single page.', 'Display patient allergies on printed/faxed prescription: Yes', 'Display patient problem on printed/faxed prescription: Yes', 'Notify me of All messages (selected) or Only messages sent to me.', and 'Ignore previously seen warnings on refills from patient medication list: No'. At the bottom, there are buttons for 'Pending Rx (0)' and 'Renewal Requests (0)', and a 'Logged In: pcc' indicator.

Send Prescriptions from Review Screen: Click Preferences - Practice

The screenshot displays the PCC EHR software interface. At the top, there is a menu bar with 'File', 'Edit', 'Reports', 'Tools', and 'Help'. Below the menu bar is a navigation bar with tabs for 'Schedule (12)', 'Visit Tasks (99+)', 'Rx Tasks (0)', 'Messaging (11)', and 'Signing (99+)'. A search bar with the text 'PCC EHR' and a 'FIND' button is located on the left. The main content area features a blue header with the 'PCC eRx' logo and 'Powered by Reopla DrFirst'. Below the header, there is a 'Practice Information' section showing 'Practice: PCC Train Pediatrics' and 'User: James Davidson'. The 'Additional Options' section contains a list of links and descriptions, with 'Preferences -- practice: set PCC eRx options for your practice.' highlighted in yellow. At the bottom, there are tabs for 'Pending Rx (0)' and 'Renewal Requests (0)'. The bottom right corner shows 'Logged In: james'.

Send Prescriptions from Review Screen: Setting Preference

The screenshot displays the PCC eRx Practice-Wide Preferences interface. At the top, there is a navigation bar with menu items: File, Edit, Reports, Tools, Help. Below this is a task bar with buttons for Schedule (12), Visit Tasks (99+), Rx Tasks (0), Messaging (11), and Signing (99+). The main header includes the PCC eRx logo and navigation links: Prescribe, Manage Allergies, Pending Rx, Options, Manage Meds, Renewal Requests (0), Med Hx, and Help. The user information section shows Practice: PCC Train Pediatrics and User: James Davidson. The main content area is titled 'PCC eRx Practice-Wide Preferences' and contains various settings. The preference 'Allow users to send a prescription directly from the Review Prescription screen' is highlighted with a yellow circle and set to 'Yes'. Other preferences include 'Warn users when they prescribe a drug that may not be covered by insurance' (Yes), 'When an insurance warning is displayed...' (Allow users to enter a reason, but do not require it), 'When renewing or prescribing an active medication...' (Yes), 'When selecting a drug, show users formulary statuses for:' (All Drugs), 'By default, check the "print pharmacy name" checkbox:' (No), 'Allow prescription "print" button to instead fax to the following fax numbers...' (empty field), 'Require staff to specify a provider before saving a prescription:' (Yes), 'Require provider signoff for prescriptions printed by staff:' (No), 'Allow providers to manage their provider agents:' (Yes), 'Allow creation of prescriptions missing sig or quantity data:' (No), 'When reporting, start with pending prescriptions checked:' (Yes), 'When reporting, display patient Primary care provider, if any:' (No), 'When reporting, show date of last patient visit:' (No), and 'When reporting, show date of next patient visit, if any:' (No). The bottom of the screen shows 'Pending Rx (0)' and 'Renewal Requests (0)' buttons, and the user is logged in as 'james'.
