

Faster and More Accurate Vaccines with Scanners

Sarah Bunning & Brian Kennedy

2019 Users' Conference
Burlington, VT

Goals

At the end of this class, attendees will leave with knowledge of:

- Benefits of scanning vaccines
- Pros and cons of scanning device options
- How to use vaccine scanners to manage inventory
- How to use vaccine scanners for administration

Reported Issues

- Mistyped Vaccine Lot Number
- Administering Incorrect Lot
- Incorrect Funding Source

Benefits of Vaccine Scanning

- Improved patient safety
- Reduced inventory and administration errors
- Complete data transmitted to Imms Registry
- Saves time

USB Vaccine Scanner

USB Scanners

Pros

- Plug and play
- Shareable
- Less expensive

Cons

- Tethered
- Bigger
- Less portable

Bluetooth Vaccine Scanner

Bluetooth Scanners

Pros

- Mobile
- Compact
- Cool tech

Cons

- Set up
- Charging
- Single workstation

DEMONSTRATION: Connecting Your New Scanner

DEMONSTRATION: Scanning Vaccines to Inventory

Prevnar 13[®]
