### Encounter Form

- Electronic Third Party EHR
  - Depends upon mapping and defaults
- Paper AAP Superbill
  - In addition
  - Instead
  - As a "cheat sheet"

# Third Party Interfaces

- Allscripts: Not sure any interface changes required. Referred to website for status. Lists compliant product versions.
- JMJ: Do not believe there will be format changes. Advised no ICD-9 sent over "after 10/1" (?!)
- Tactus: Multiple messages went and remain unanswered.
- OP: Offering hybrid solution on a rolling basis. Please contact them and advise us when they expect to install hybrid version for you.
