PCC Getting Paid Billing Drop In November 19, 2024

Vision Statement

Every pediatrician gets maximal payment for every service rendered with minimal administrative effort

Drop In Premise

This is your time to ask Coding, Billing, Payer issue questions of each other ...

... and of PCC

PCC wants your input into our development of services and products

Please consider changing your Zoom name to include the state in which your practice is located to facilitate crowdsourcing based on geographic area

2025 TRICARE West Changes

Development Show & Tell

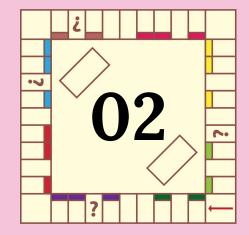

Your Questions

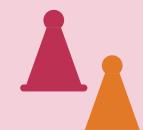

What's going on in the world of pediatric billing?

Coding Chat

Pediatric BMI Diagnoses - 120% and beyond...

Clinical Record	SNOMED	ICD
Vitals Conditions / Problems	WIDE Variety	Z68.5

One code for DOS up through 9/30/24

Z68.54

Body mass index [BMI] pediatric, greater than or equal to 95th percentile for age

THREE codes for DOS 10/1/24 and beyond...

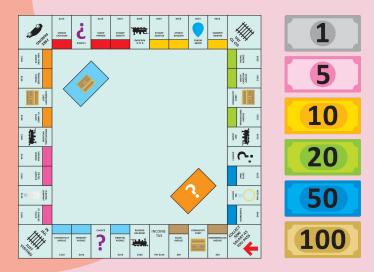

Z68.54 Body mass index [BMI] pediatric, 95th percentile for age to less than 120% of the 95th percentile for age
Z68.55 ... 120% of the 95th percentile - <140% of the 95th percentile...
Z68.56 ... greater than or equal to 140% of the 95th

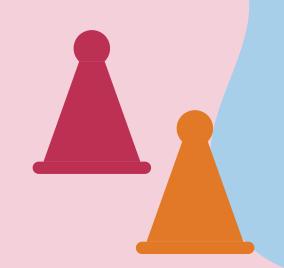

percentile for age

What Do We Do Know?

PCC is working to:

- 1. Address material ICD descriptor modifications.
- Develop process to identify subset of encounters pre 10/1/24 where Z68.54 was coded AND the patient's BMI was greater than 120% of the 95th percentile for their age.
- 3. Discover best course to address contradiction in encounter records.

What Can You Do?

Practices:

- 1. Use diagnosis mapping to offer the best, most current choices at TOS
 - Run the **snomedmap** report to identify the affected mappings
- 2. Be aware that encounters where the patient's peediatric BMI is greater than 120% of 95th percentile before 10/1/24 need explanation if Z68.54 was assigned.

2025 TRICARE West Changes

2025 TRICARE West Changes

<u>Know How TRICARE Regions Are Changing in 2025</u>

- Six states currently in the East Region (Arkansas, Illinois, Louisiana, Oklahoma, Texas, Wisconsin) will move to the West Region.
- The TRICARE West region contractor will switch from Health Net Federal Services to TriWest Healthcare Alliance on Jan. 1, 2025

2025 TRICARE West Changes

- <u>TRICARE West Region Contract Transition:</u> <u>Frequently Asked Questions</u>
 - Will my network contract with HNFS automatically transfer to TriWest?
 - No. Providers will need to contact TriWest about joining TriWest's West Region network.
 - Will beneficiaries have to re-enroll for their benefits?
 - No. TRICARE beneficiaries who are currently eligible for and enrolled in a TRICARE plan should experience no interruption in TRICARE coverage. DHA encourages beneficiaries to check <u>DEERS</u> to confirm all their information is current.

2025 TRICARE West Changes

<u>TRICARE Contract Transition</u>

As a TRICARE provider, do I need to do anything?

The new TRICARE contract doesn't change the existing TRICARE benefit or how beneficiaries get care.

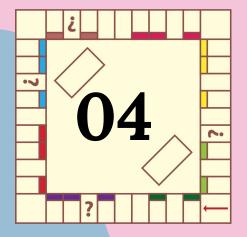

If you're a provider in the East Region, no action is needed.

If you're a West Region provider, or practice in one of the six East Region states transferring to the West Region, find out how to join the TriWest provider netowrk.

Sign Up to Join the TriWest Healthcare Alliance Network

 PCC is researching and will advise on EDI provider enrollment process for electronic claim submission and receipt of electronic remittance advice via PCC's Availity interface (payor ID 99726) as applicable
