

Questions & Answers: PCC Scribe Drop In July 2026

How easy is it to look at old notes, documents, and other parts of the chart while PCC Scribe is actively transcribing?

When PCC Scribe is running, you can navigate around the current visit and to major chart sections like the Medical Summary, Demographics, History, and PCC eRx.

You can view read-only notes from past encounters in the History section of the chart, and also open documents.

If you open a past encounter by double-clicking on it in the Visit History Index, PCC Scribe transcription will stop. You will receive a warning when this is about to occur.

How can I read Dr. Herron with questions about how she uses PCC Scribe?

You can reach Dr. Herron at mstherron@gmail.com.

Where can I see the sample templates?

https://learn.pcc.com/help/pcc-scribe-templates/#Sample_Templates

You can copy and paste the parts you want to use into your Scribe Templates on your PCC system.
