

Improve Patient Education Brainstorming

PROACTIVE

Practice Information:

- What do they **need** to know?
- What resources will help them know that?
- Which of these could you implement?
- Which one(s) should be first?

Patient Information:

- What do they **need** to know?
- What resources will help them know that?
- Which of these could you implement?
- Which one(s) should be first?

REACTIVE

Practice Information:

- What do they **need** to know?
- What resources will help them know that?
- Which of these could you implement?

- Which one(s) should be first?
