Ensure Success

PCC
Pediatric EHR Solutions

Agenda

- Discussion of the forms migration process

- Experiment with the Forms Configuration Tool on your own EHR system.

  - Try creating some sample forms and a practice header

Goals

- Become more familiar with the capabilities and features of the new forms configuration tool

PCC
Pediatric EHR Solutions

Migration Process

PCC Support can help you to determine the right time for you to migrate based on the forms you are currently using. Not all existing forms are supported by the new functionality at this time.

*Please note that there is a migration effort involved with switching to the new tool.

Read about the forms migration process on Learn:
https://learn.pcc.com/help/forms-migration/

Form Exercises

- Coordination of Benefits Form

- Practice Header

- Custom Letter

- Sports Participation Form

Session Takeaways

- Introduction to the capabilities and features of the new forms configuration tool

Session Takeaways
